**NEW HORIZON COLLEGE OF ENGINEERING
DEPARTMENT OF MCA
1st BOARD OF STUDIES MEETING
AGENDA -1**

To consider Syllabus Content and Scheme of Examination for MCA Programme

The following recommendation were made for considering the Syllabus Content and Scheme of Examination for MCA Programme 2015-2016 Autonomous batch

- Should C or C++ be there or should be removed?
- Instead Java can be included in its place
- Python can also be included
- Data Structures is mandatory
- Better to exclude C++ and come up with Java
- Start with HTML
- Simple programs can be given in First Semester in C Programming Laboratory as the first few programs
- Programs can be given from problem solving books
- Include introduction to various OS, basics of computers at the beginning as bridge course
- Should be encouraged to use unix flavours as bridge course
- Should be exposed to dual os and virtual os also
- Students can be encouraged to use Open Sources
- In question paper in the first question it is to be asked for 20 marks, which is to be asked covering the entire syllabus (objective, true/false/fill in the blanks)
- For Programming papers for every concept being taught practical sessions should be included
- Focus on basics for lower semesters
