Date	:	2 nd July 2021
Timing	:	3:00PM – 5:00PM
Venue	:	Online Platform, Google Meet.
Organizer	:	Department of MCA in association with Automatez Pvt. Ltd.

The event “CODEATHON’ 21” was held on 2nd July, from 3:00pm – 5:00pm in online platform, Google Meet.

Objective:

As our other events, we students from Dept. of MCA teamed up to carry forward our agenda of conducting another event that gives an opportunity to improvise our technical skills.

Content:

“Codeathon’ 21” gave us opportunity to conduct different levels and rounds that dealt with technology-based questions. The entire event was precisely divided into two main rounds. Each round was planned with a purpose of letting everyone be aware of the importance of having a strong foundation in technical skills, which is mainly targeted when it comes to the industry, also with a perspective of testing each participant’s knowledge about existing software and technical skills.

This program stood as our successful event of this year solely conducted from Department of MCA, NHCE.

Every event needs a complete support of the department and as always, we made sure about the involvement of student coordinators and participants. Participants went through the following rounds as part of the event. We would like to thank Dr. V Asha, HOD Dept. of MCA, NHCE, faculties, student coordinators and all the participants for conduction of this successful event.

Student Coordinators for the event:-

Paramita Chandra

Sneha More

Sunny Raj

Faculty Coordinator for the event:-

Govindaraj M

Assistant Professor

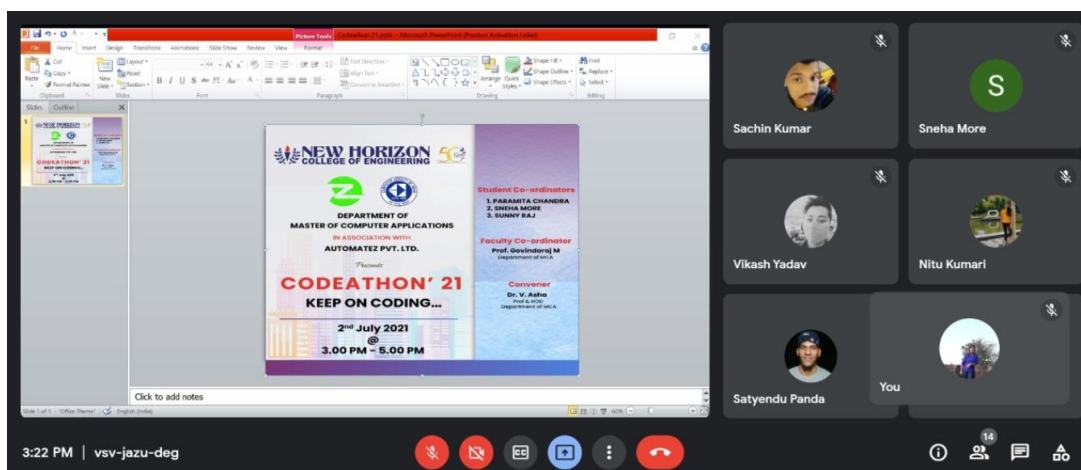

Department of MCA

Convenor

Dr. V. Asha

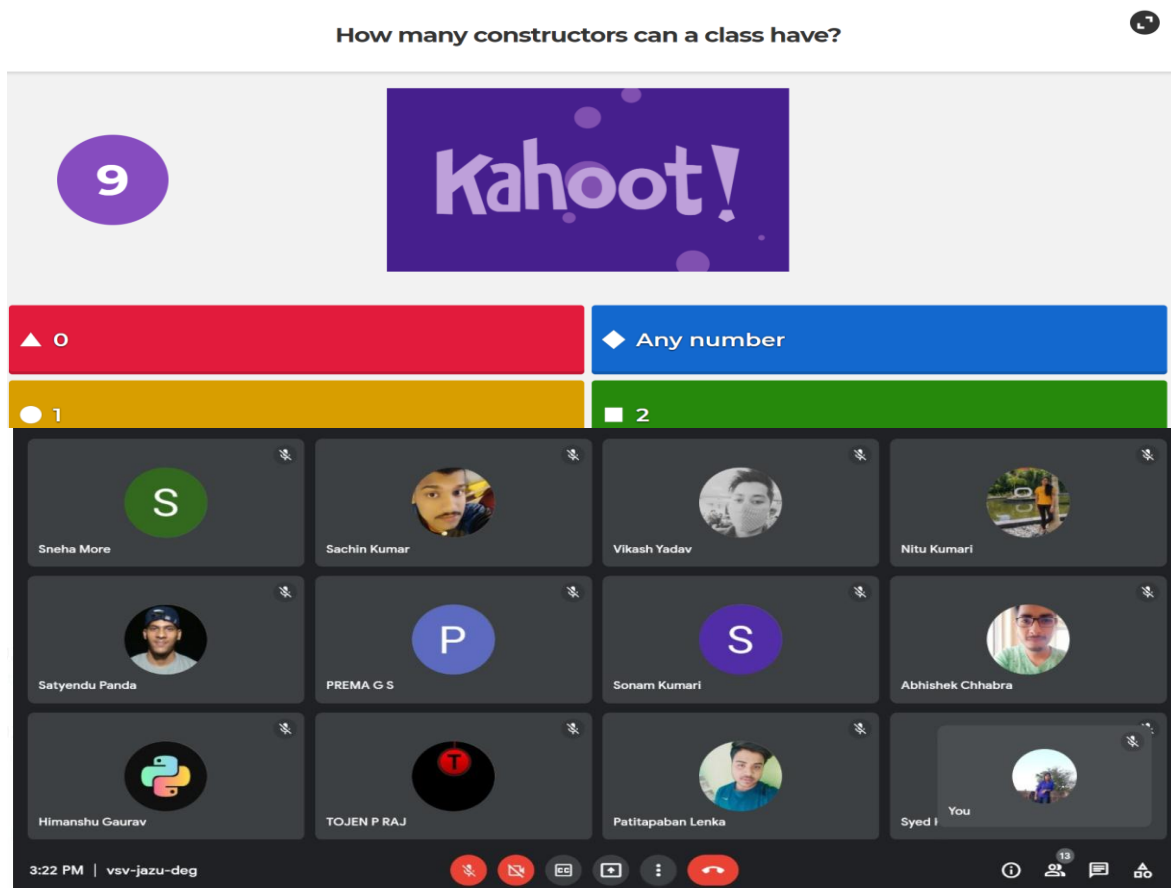

Professor & Head

Department Of MCA

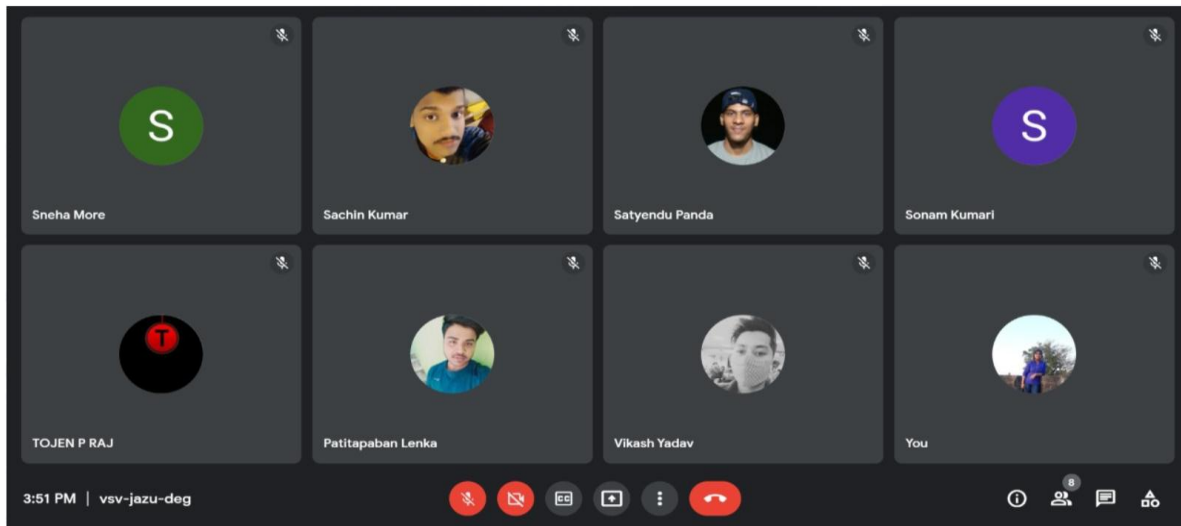

Round 1:

The first round was comprised with quiz. It was conducted in online platform, Kahoot. This round had 25 questions and time was assigned according the difficulty level of each question. Those who completed the round within 10 minutes and scored the highest were selected for the next round.

Round 2:

In the second round, 7 of them selected from the first round. A pdf file with 4 coding questions was sent to each of them through mail. They had to complete and debug the code and upload the file with corrected programs in the given Google form link. The final winners were selected based on the time consumed and number of correct answers as per the given question and input constraints.

Winners:

First Prize: PATITPABAN LENKA

Second Prize: SONAM KUMARI and SATYENDU PANDA

Third Prize: SACHIN KUMAR
