Objective:

June 12th, 2021, 10:00 a.m through Google meet we had an Alumni talk session on **"Enabling Microservices through Agile methodologies"** was conducted by alumni Ms. Sonam Kumari and Mr. Subhendu Guha Neogi. This program was hosted by Department of MCA, NHCE. It was held for students of MCA –II & IV semester .Around 100 students participated in this session.

Ms Sonam Kumari discussed on agile methodologies, she started the session with an example. Explained the meaning of Agile with a flow chart and the need of this methodology. Discussed on the key terms involved in agile methodology with Agile values like responding to change over following a plan ,individuals and interactions over processes and tools ,working software over comprehensive documentation and customer collaboration over contract negotiation. Discussed about various advantages and implementation of agile methodology.

Mr. Subhendu discussed on micro services and modern application development and its working with a monolithic architecture. Discussed about the multi-architectural patterns and polyglot micro services world with a demo session.

The session was arranged to build network between alumni and students. At the end there was a Q&A session where students were able to clear their doubts and asked questions related to the topic

Conclusion:
The session was very effective and interactive in knowing the agile methodology and microservices.
