NEW HORIZON COLLEGE OF ENGINEERING

EVENT NAME:Yukthi V10

Students Technical Symposium

Organized by Department of MCA

DATE: 13th December 2024

VENUE: Tejas Seminar Hall

BRIEF DESCRIPTION OF THE EVENT:

The Department of MCA successfully organized "YUKTHI," a student technical symposium, aimed at fostering innovation and technical prowess among students. The event provided a platform for students to showcase their novel technical ideas, encouraging creativity and collaborative learning.

Inauguration and Welcome Address

The symposium commenced with an inspiring welcome address by Dr. V. Asha, the Head of the Department of MCA. In her speech, Dr. Asha highlighted the importance of such events in nurturing students' technical and presentation skills. Her words set the tone for an enthusiastic and intellectually stimulating event.

Presentation of Technical Ideas

Students enthusiastically participated in the event, presenting their innovative technical ideas. The presentations showcased a wide range of topics, reflecting the creativity and technical acumen of the participants. Each presentation was

meticulously prepared, demonstrating the students' dedication and understanding of their chosen subjects.

Judging Panel

The judging panel for the symposium consisted of esteemed faculty members from the Department of MCA:

- Dr. N.S.Sukanya
- Dr. Mithili Devi

The judges provided constructive feedback and evaluated the presentations based on criteria such as innovation, feasibility, presentation skills, and overall impact. Their expertise and insights added immense value to the event.

Award Ceremony

After a thorough evaluation, the judges selected the three best papers, whose authors were awarded trophies and certificates of excellence. The winners were celebrated for their exceptional contributions and innovative ideas. Additionally, all participants were recognized for their efforts and enthusiasm, receiving medals and participation certificates as a token of appreciation.

"YUKTHI-V10" concluded on a high note, leaving a lasting impression on all attendees. The event not only provided a platform for students to exhibit their talents but also inspired them to pursue excellence in their academic and professional journeys. The Department of MCA looks forward to organizing more such events in the future to continue nurturing the innovative spirit among students.

ACTIVITIES CONDUCTED:

A key highlight of the symposium was the paper presentation activity, where participants were given a 10-minute time slot to showcase their technical ideas. This was followed by an engaging query session led by the judges, Dr. N.S.Sukanya and Dr. Mithili Devi, who posed thought-provoking questions. The format encouraged presenters to articulate their ideas clearly, defend their approaches, and engage in meaningful discussions, thereby enhancing their presentation and problem-solving skills. This interactive segment added depth to the symposium, promoting critical thinking and a deeper understanding of the topics presented.

NO. OF PARTICIPANTS: 15

WINNERS:

First Prize	-	Puneeth Kumar.P	-	I Year MCA
Second Prize	-	Yuvaraj	-	II Year MCA
		Sanuth	-	I Year MCA
Third Prize	-	Sumit, Supriya	-	II MCA
Best Paper	-	Maheshwar	-	II MCA

GUEST DETAILS(Name, Designation, Organisation, Location): NIL

PHOTOGRAPHS OF THE EVENT:

AGENDA

Data-Driven Crop Recommendations
NEW HORIZON

4.Feature Extraction: Now the trained model should be able to identify the important features in new, unseen images. AI algorithms, often based on deep learning models extract relevant features for facial recognition purposes for example, it might identify facial features like the eyes, nose, and mouth.
5.Validation and Fine-Tuning: Think of this as a testing stage. A separate dataset of images (real and synthetic) will be created to monitor the models' performance in recognizing features to prevent overfitting (when a model is trained too well to perform on a dataset and fails to perform equally on previously unseen images).
6. Post-Processing and Visualization: At this stage, the model should be able to refine results.

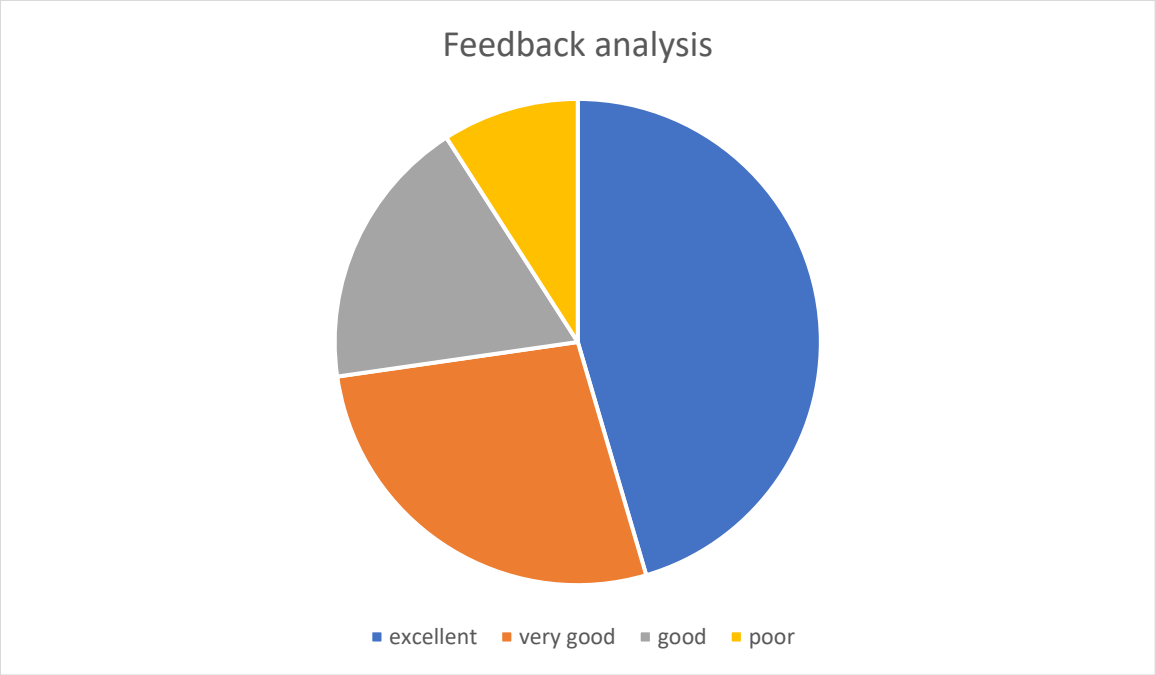
SAMPLE CERTIFICATES

SAMPLE FEEDBACK

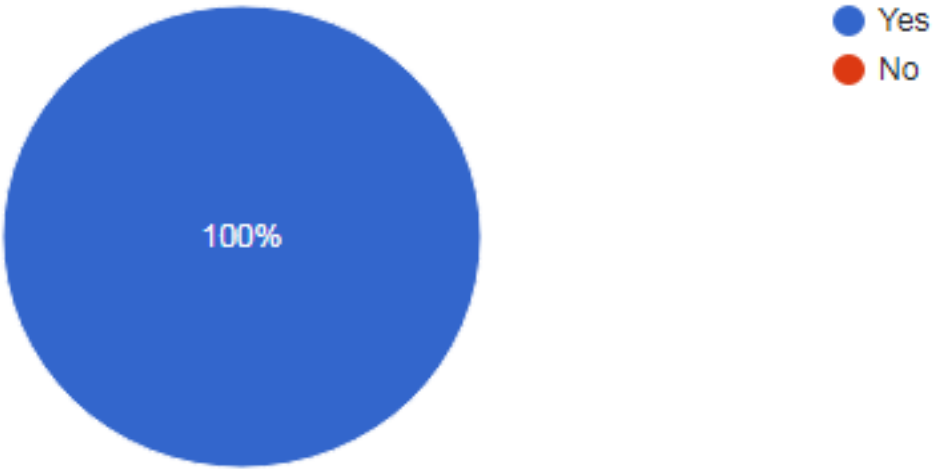
Name	**USN**	How would you rate the overall organization of the symposium?	How would you rate the opportunities for networking and collaboration?	How likely are you to recommend this symposium to your peers?	How would you rate your overall experience at the symposium?	Any additional feedback or comments?
Puneeth Kumar P.	1NH24MCA120	5	5	5	4	Overall conduct of the event was great 😀
Beauty Manna	1NH24MCA002-	5	5	5	5	I want that this type of or another technical program occurred in our department.
Brindu Reddy C	1NH24MCA032-	5	4	4	5	No
AMRUTH KUMAR TJ	1NH24MCA078	4	5	4	3	No
Jyothi N Sarasambi		3	2	2	3	Nothing
Ranjita Shriram Nigale	1NH24MCA136	4	4	5	4	Knowledgeable Event
Vaishnavi V P	1NH24MCA084	4	4	4	4	NA
Meghana R	1NH24MCA105	5	5	5	5	No
Rahul	1NH23MC115	5	5	5	5	None
Sanuth bibin B	1NH24MCA140	5			5	No

Feedback Analysis:

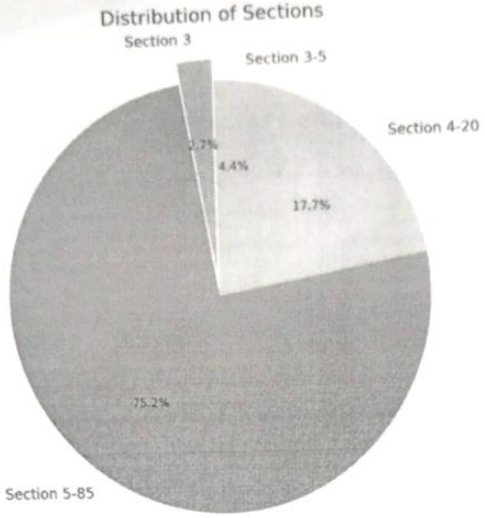
How would you rate the overall organization of the symposium?



How would you rate the opportunities for networking and collaboration?



How likely are you to recommend this symposium to your peers?



How would you rate your overall experience at the symposium?
