## **REPORT ON INDUSTRIAL VISIT PROGRAMME**

Date: 08 November, 2025.

Subject: REPORT ON INDUSTRIAL VISIT TO EXCEL R.

Place: ExcelR, BTM Layout, Bangalore.

No. of Students: 87

### **Introduction about ExcelR**

ExcelR is an industry leader in professional training and skill development, focused on delivering hands-on, industry-relevant learning experiences in cutting-edge technologies such as Data Science, Artificial Intelligence (AI), Machine Learning (ML), Full Stack Web Development, Cloud Computing (AWS, Azure, GCP), DevOps, Data Analytics, Python Programming, Business Analytics, Digital Marketing, and Project Management (PMP, Agile, Scrum). Its comprehensive curriculum, designed by industry experts, bridges the gap between academic learning and real-world application.

As an organization deeply connected with the technology ecosystem, ExcelR provides real-time projects, case studies, and internship opportunities to ensure learners gain practical exposure to current industry practices. The BTM Layout centre in Bengaluru features state-of-the-art infrastructure and is supported by experienced mentors who train students using the latest tools and frameworks such as Python, R, TensorFlow, Power BI, Tableau, JavaScript, React, Node.js, Bootstrap, and MySQL. Recognized for its career-oriented approach, ExcelR offers strong placement and corporate tie-ups, connecting learners with top recruiters and innovative startups across Bengaluru's thriving tech landscape.

## **Objective**

- To expose students to industry practices and current technology trends in the IT and data science sectors.
- To help students understand the importance of professional skill development and certification programs offered by industry leaders like ExcelR.
- To provide an overview of cutting-edge technologies such as Data Science, Artificial Intelligence, Machine Learning, Full Stack Web Development, and Cloud Computing.
- To familiarize students with real-time project methodologies, tools, and frameworks used in the technology industry (e.g., Python, React, TensorFlow, Power BI, Tableau).
- To bridge the gap between academic learning and practical industry applications.
- To understand how ExcelR supports learners through career guidance, internships, and placement assistance.
- To motivate students to pursue continuous learning and upskilling in emerging technologies.
- To encourage interaction between students and industry professionals for better industry–academia collaboration.

## **About the visit**

The Department of Master of Computer Applications at New Horizon College of Engineering organized a student visit to ExcelR on November 8, 2025. A total of 87 third semester MCA students, accompanied by four faculty members, travelled by a college-provided bus for the full-day visit.

The journey commenced at 09:00 AM, reaching the destination by 10:00 AM. Upon arrival, Mr.Raghavendra Sarala, Sr. Manager at ExcelR, introduced the company and conducted interactive session to the students to the conference room. During the visit, students gained valuable insights into how ExcelR designs and delivers training programs that bridge the gap between academic concepts and practical industry requirements. The team at ExcelR provided

an overview of their industry-aligned curriculum, project-based learning approach, and the use of modern tools and technologies.

The visit offered students an opportunity to understand how skill-based education complements traditional classroom learning and prepares them for real-world challenges. They also learned about career enhancement opportunities, placement support, and corporate partnerships that ExcelR facilitates to connect learners with top recruiters and startups in Bengaluru's thriving IT ecosystem.

### **Outcome**

- Students gained first-hand exposure to the functioning of a professional training and skill development industry.
- Understood the latest trends and demands in technologies such as Data Science, Artificial Intelligence, Machine Learning, Full Stack Development, Cloud Computing, and Digital Marketing.
- Acquired knowledge of industry-relevant tools and frameworks including Python, R, React, Node.js, TensorFlow, Power BI, and Tableau.
- Recognized the importance of practical, project-based learning in complementing theoretical knowledge.
- Gained insights into industry expectations, required technical skills, and soft skills for professional success.
- Understood the value of continuous learning and upskilling in a fast-evolving technological environment.

# Feedback Form
