

EVENT NAME: GUEST TALK ON “AUTOMATION WITH SELENIUM”

**Organized by Department of MCA in association with
Prinston Smart Engineers**

DATE: 19th December 2025

VENUE: B304

BRIEF DESCRIPTION OF THE EVENT:

The Department of MCA in association with Prinston Smart Engineers successfully organized the Guest talk on “Automation with Selenium” aims to explore the fundamentals of web automation and testing. It introduces participants to real-time use cases, tools, and best practices in automated testing. The session also highlights career opportunities and industry relevance of Selenium automation.

Introduction of the Resource Person

Ms. Sufiya Noorian, a student from I semester MCA, introduced the resource person, Mr. Yuvaraj V to the gathering. He currently serves as a Technical Specialist in Cubic Logics. Mr. Yuvaraj plays working in the field of testing using tools like Sharepoint and Selenium.

Content Delivery by the Resource Person

The resource person began the session with a clear introduction to SharePoint, explaining its purpose, key features, and wide range of applications in organizational collaboration and content management. He discussed how SharePoint is used in industries to manage documents, workflows, and team communication efficiently. Following this, he introduced the Selenium tool, outlining its role in automating web applications and its significance in the software testing domain. The speaker emphasized the growing demand for Selenium skills in the IT industry and its relevance for software professionals. He further explained the importance of automation testing in improving software quality and reducing manual effort. Various testing methods were introduced, including manual and automated testing approaches. These concepts were supported with practical examples, making the session engaging and easy to understand. Overall, the session provided valuable technical insights and practical knowledge to the participants.

Interactive Session with Students

The interactive session with the students was highly engaging, during which the resource person asked questions such as what testing is, its different types, and why testing is important in software development. This encouraged students to actively participate and share their

understanding of the concepts. The discussion helped reinforce key ideas and assess the students' knowledge. The session concluded with an insightful Q&A segment, allowing students to clarify their doubts and gain a deeper understanding of software testing and its significance.

ACTIVITIES CONDUCTED:

During the Q&A session, Mr. Yuvaraj V posed thought-provoking questions to the audience, encouraged them to share their perspectives, and provided insightful answers to their queries.

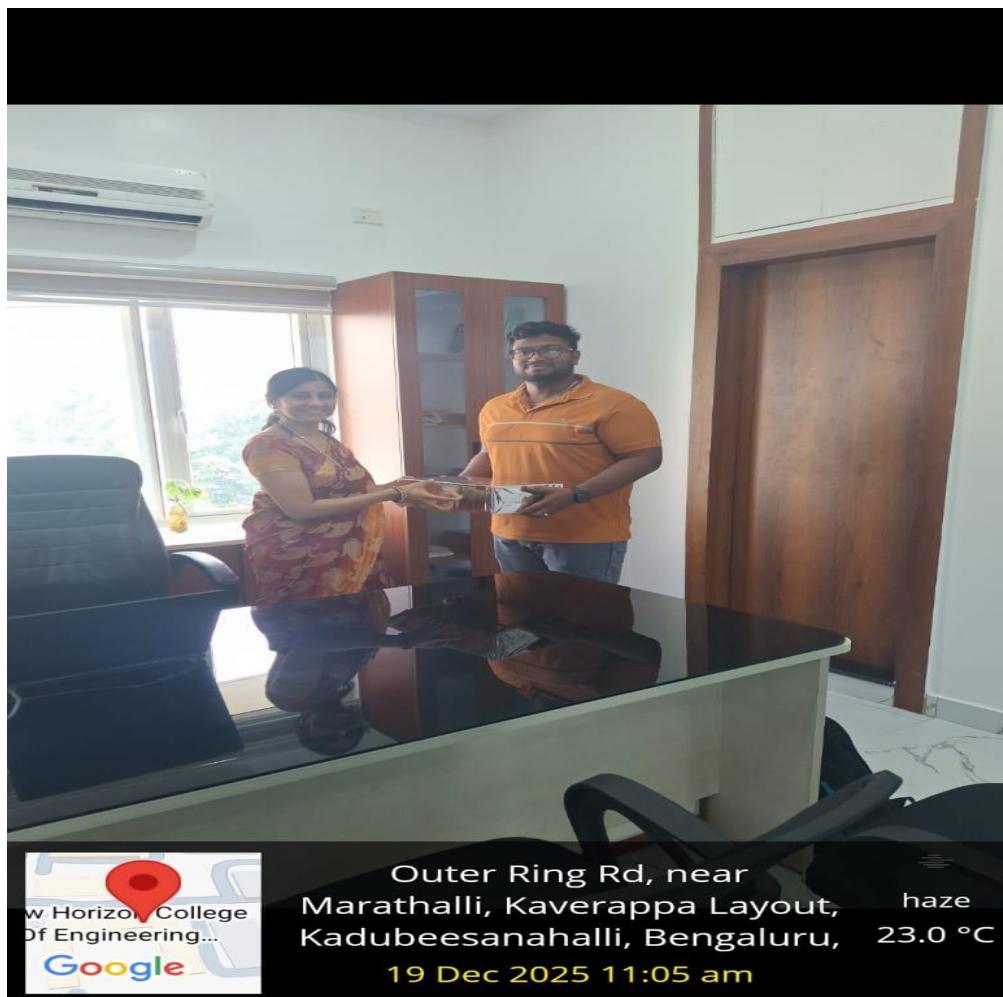

NO. OF PARTICIPANTS: 55

WINNERS (if any, for activities conducted): NA

GUEST DETAILS (Name, Designation, Organisation, Location):

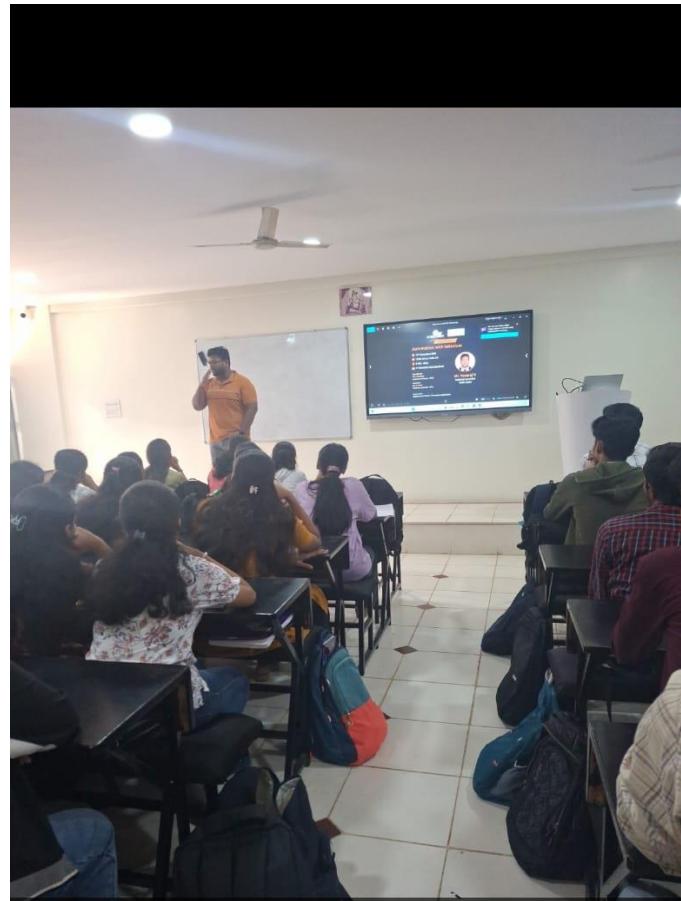

Yuvaraj V,
Technical Specialist,
Cubic Logics
Bangalore, Karnataka.
